Even in the event of granted permission, the Contractor shall remain fully responsible and liable to Allied Waters for the correct performance of its obligations under the Agreement and/or any other agreement arising therefrom.
- 6.3 If the Contractor uses the Services of third parties as subcontractors, suppliers or otherwise in the execution of an Order, the Contractor shall ensure that these third parties are also bound by these Purchasing Conditions, to the exclusion of any general terms and conditions of those third parties.
- 6.4 In urgent cases and, in addition, if, after consultation with the Contractor, it must reasonably be assumed that the latter cannot or will not properly fulfil its obligations under the Agreement or will not do so on time, Allied Waters shall be entitled to demand that the Contractor contracts out performance of the Agreement at its risk and expense, in whole or in part, to one or more third parties to be designated by Allied Waters. The foregoing shall not release the Contractor from its obligations under the Agreement.

Article 7: Industrial and intellectual property

Article 8: Confidentiality

- 8.1 The Parties shall treat the Confidential Information received from the other Party as strictly confidential and shall not disclose it or make it available to third parties.
- 8.2 The Parties shall ensure that in order to prevent disclosure of Confidential Information to third parties, the Confidential Information received enjoys the same level of protection as their own Confidential Information. In doing so, the Parties guarantee at least the level of protection that can reasonably be expected of them due to the nature of the information and the branch of industry in which the Parties operate.
- 8.3 All Confidential Information and all patents, copyright, trade secrets, trade names, trademarks and other intellectual property rights therein contained or transferred by one Party to the other shall always remain the exclusive property of the providing Party.
- 8.4 The Parties agree that information that constitutes Confidential Information under the provisions of this Agreement will not be considered Confidential Information if it can be shown by documentary evidence that the information:

If only part of the Confidential Information falls within the exception categories defined in this paragraph, only that part shall be subject to the exception described hereinabove to the applicability of the confidentiality provisions of this Agreement.

- 8.5 In the event that either Party is subpoenaed, receives an official request or is otherwise required by a judicial, administrative, regulatory or legislative authority to disclose the Confidential Information, that Party shall inform the other Party thereof as soon as possible so that the Parties may jointly seek to prevent the disclosure of the Confidential Information or take other appropriate measures against the disclosure of the Confidential Information.
- 8.6 If it is not possible to take a measure as referred to in the previous paragraph, the Parties may only disclose that part of the Confidential Information which they are required to disclose by law, provided that, to the extent permitted by law, that Party indicates in writing to the

If in the opinion of Allied Waters these consequences for the price and/or delivery time are unreasonable in relation to the nature and scope of the change, Allied Waters shall be entitled to dissolve the Agreement by means of a written notification to the Contractor. Allied Waters shall not exercise the right to dissolve the Agreement on unreasonable grounds.
- 9.4 If upon a dissolution as referred to in the previous paragraph Goods have already been taken into production, these Goods shall be compensated by Allied Waters at a reasonable cost price, increased by a reasonable mark-up for overheads for the Goods already taken into production at that time, if the Contractor demonstrates that the Goods in question cannot be used elsewhere.
